Business Description

This company has designed and sold high quality industrial and consumer Air Purifiers using a 6-stage system of filters including HAPA™ Carbon and Mesh along with viral destroying UVC light in a heavy-duty package. The product is patented and has been FDA approved for use in operating rooms.

The Airistar® A500, A100 and A100GT enable you to be confident during a time when air quality is paramount.

Business is currently on hold and just selling from inventory. SBA financing will be difficult to approve with limited cash flow.

SELLER WILLING TO FINANCE DEAL WITH \$50K DOWN PAYMENT AND PERSONAL GAURANTEE!
